

CERTIFICATE OF PROJECT APPROVAL

Capstone Project Authorisation - Milestone (part of academic requirements for Project Management T4)

This is to certify that the following project has been presented before the Faculty Guide and is approved for academic submission. The project has been reviewed based on its relevance, feasibility, academic value, and alignment with the course objectives.

PROJECT DETAILS

COMPANY / BRAND SELECTED	Wakefit (listed NSE/BSE: WAKEFIT)
PROJECT TITLE	Wakefit's North India (Delhi NCR) Offline Retail Expansion — A Hub-and-Spoke Rollout Strategy
TEAM NUMBER	Group 6

TEAM MEMBERS

S.NO.	NAME
1	Ankesh Kumar — Operations Head
2	Juhi Varshney — Marketing Head
3	Chandni Choudhary — Project Manager
4	Mayank Jain — Finance Head
5 (optional)	

JUSTIFICATION FOR SELECTING THIS PROJECT

S. no	Category	Remarks
1	Value Prop (How does this project contribute to growth, efficiency, customer satisfaction, compliance)	Helps Wakefit plan the North India/Delhi NCR portion of its pan-India store expansion — an estimated 20-25 stores (the region's proportional share) within its RHP-disclosed 117-store FY27-28 rollout. Findings support better sequencing, resource planning, and risk management for this real, active regional rollout.
2	Resource Availability (Can we acquire budget, talent, time, infra? Will a real stakeholder join the team?)	A real industry stakeholder, Daljeet Singh (Process Excellence Manager, Wakefit), is actively guiding the team via ongoing conversations, alongside desk research using public disclosures. The team is engaged as an external advisory group (not Wakefit staff); required resources (analyst time, research access) are within the team's capacity — see Project Charter for the indicative advisory engagement budget.
3	Feasibility (Is this project technically or operationally feasible?)	Feasible: scope narrowed to an estimated 20-25 stores within Wakefit's Delhi NCR hub-and-spoke cluster (Delhi hub; Rajasthan/Jaipur, Lucknow, Punjab-Himachal as spokes) — a realistic, bounded slice of the company's pan-India 117-store plan, validated directly by the mentor, including the POD (Point of Dispatch) model and Rajasthan's cost-advantaged manufacturing base.
4	Risk Assessment (What are the project's financial, operational and legal risks? Can they be mitigated?)	Key risks: (1) conflicting EBITDA/PAT figures across RHP, RoC filings and company disclosures; (2) FY26 PAT (₹189 Cr) inflated by a one-off ~₹98 Cr deferred-tax gain; (3) North India POD/INHP logistics locations not publicly disclosed; (4) IKEA's Gurugram (2026)/Noida (2028) timing could shift Wakefit's own sequencing; (5) the 20-25 store regional estimate is the team's own proportional calculation, not an RHP-disclosed figure — flagged explicitly wherever used.
5.	Industry Contact Details (Contact person, designation, official phone number/email)	Daljeet Singh, Process Excellence Manager, Wakefit. Email: daljeet.singh@wakefit.co. Actively guiding the team through ongoing conversations.
